We will partner with the biggest radio stations so that everyone will know about the events!

The Food Stands will be rented out, and the only thing we will be selling ourselves is the drinks!!!! I have a partner that I worked with before and he will furnish all the material and drinks. We only pay for what we actually use nothing else!

The DreamX Team wants to be known by everyone inside and outside of Crypto!!!!

The Team is building an insane ecosystem that just keeps getting stronger and bigger!

There will be special NFTs that will give special VIP access to all the events!

The Team will register DreamX as business and KYC, Audit!

All The income from every aspect of this project will be as follows!

25% directly to the chart as buyback and burn 25% to the LP to stabilize the chart, not that a big whale sells and dumps the chart, the rest will be reinvested in the project like for events and real estate! So thank you and hope you will join us for this moonshot journey!! Like it was said before this project is different from anything in this Crypro space!!
